

Create a new survey and distribute it to your study participants. Sign into REDCap <https://redcap.ucsfopenresearch.org/> using your REDCap username and password.

At the very top of your REDCap home screen, click on the  **Create New Project** tab.

For practice, fill out your **Create a new REDCap Project** screen like this:

Create a new REDCap Project

You may begin the creation of a new REDCap project on your own by completing the form below and clicking the Create Project button at the bottom.

Project title:
 Title to be displayed on project webpage

Purpose of this project:
 (How will it be used?)

Start project from scratch or begin with a template?

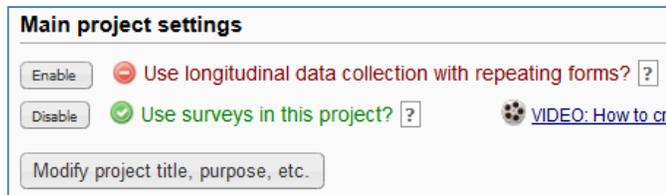

Create an empty project (blank slate)
 Use a template (choose one below)

★ **Choose a project template** (comes pre-filled with fields, forms/surveys, and other settings)

select template	Template title (sorted by title)	Template description
<input checked="" type="radio"/>	Basic Demography	Contains a single data collection instrument to capture basic demographic information.

We will be taken to the  **Project Setup** tab.

Click the Enable button to use surveys in this project >

Main project settings

Use longitudinal data collection with repeating forms? ?

Use surveys in this project? ?  VIDEO: How to create a survey

Click  **Manage Survey Participants** and click the Enable button next to the collection instruments you want to use as surveys

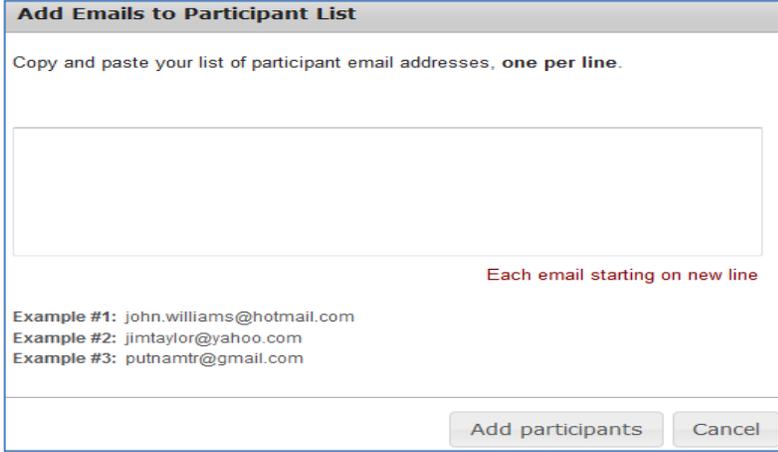

Instrument name	Fields	View PDF	Enabled as survey
Basic Demography Form	15		<input type="button" value="Enable"/>

- We haven't used the **Modify Survey Settings** section, where we can alter basic information about our survey and alter the email that a participant will receive about our survey
- We will automatically be taken to the Modify Survey Settings tab
- For practice, keep the default settings and click the  **Save Changes** button
- Click  **Manage Survey Participants** again, to open the Manage Survey Participants screen

For practice, use the **Participant List** tab

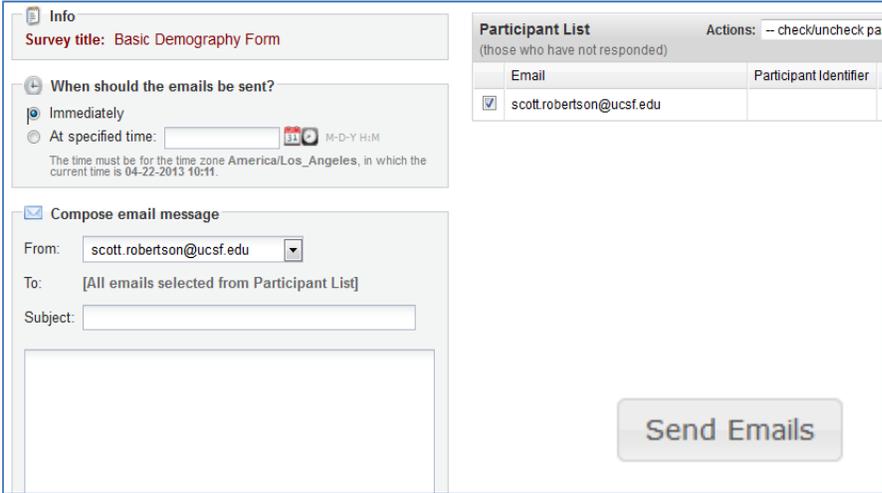

Click the  button. The Add Emails to Participant List window will open.

< Add your email addresses on separate lines.

< Click Add Participants

The Participants' email addresses and optional identifiers will be added to the Participant List. Now let's click the  button. The Email a Survey Invitation to Participants window will open.

Fill out the Subject text field. You can include a message in the text field underneath.

Make sure only the participants that you want to receive the email are checked on the right hand side.

< Click Send Emails

You will get this message,  **Your emails have been successfully sent!**
